

CHURCH ON THE ROCK ASSEMBLY ~ AFRICA 2016 CENSUS

Church on the Rock Assembly is a vast a vibrant LORD's ministry which is focused upon the Work of God especially in India and, also, countries throughout Africa. Our mission is to preach the Gospel, disciple the saints, edify the church in love.

Several years ago I prayed the LORD open up Africa for us and I spoke to our first pastor, Pastor Byichaza, who lived in DR Congo and who had been following our teaching. I began to open the Word more perfectly and teaching him in December 2014. I simply shared our Doctrinal Statement. He heard the TRUTH and a great blessing ensued for him, for me, and so many pastors and so many congregants as ministry began to bloom. Then, the LORD began to add pastors in different countries across Africa.

What was different in the ministry in Africa is that I spoke with or, most often, could only text with each lead pastor with the stipulation in Africa that only those whom the LORD gave Revelation to receive our Doctrinal Statement and only those who agreed and desired to join with us would be members of the Church on the Rock Assembly. Only these could be members. Of course, we would never prevent the Doctrinal Statement from being adopted by anyone whom the LORD revealed it's TRUTH; in fact, we encouraged it. However, much to my amazement, all those who have happily received the Doctrinal Statement have, with joy, actually insisted that they are CHURCH ON THE ROCK ASSEMBLY. Now, as I consider our first occasion, in 2002, to call ourselves by that name, it was the LORD's endowment upon His church which we also, and in like manner, insisted that we had seen the Revelation of Christ our King and that we are CHURCH ON THE ROCK ASSEMBLY.

In just a couple of years now, we have seen the LORD draw many pastors and pastors of pastors and so many congregants unto the LORD's ministry. Among all the members of CHURCH ON THE ROCK ASSEMBLY we have the MIND OF CHRIST and are devoted to being LIKEMINDED and edifying the church in the LOVE OF GOD. In this LORD's ministry we have implemented and encouraged more communication and interaction and cooperation among all the pastors and even the congregations. For, we are all one body of believers who desire to maintain the unity of the Spirit of God in LOVE. Truly this has been a labor of LOVE. However, I and all the pastors have been laboring so in the ministry that I don't think any of us realized the Word of God that had blazed across DR CONGO had soon reached seemingly almost immediately across 9 countries in Africa. As a flash of fire in the hearts of many, the LORD did ignite the hearts and enlighten the eyes of so many who would finally be given sight of the glorious TRUTH. What had been camouflaged by the traditions of men was suddenly and miraculously clear and made apparent through the simplicity of the GOSPEL we teach through the use of our Doctrinal Statement. Suddenly, for so very many, the clear TRUTH of God was absolutely apparent. The LORD motivated me to better define our complex doctrinal statement in a Bible study in 2008. In 6 months, what evolved during

CHURCH ON THE ROCK ASSEMBLY ~ AFRICA 2016 CENSUS

our Bible study was a Doctrinal Statement that brought clarification and simplification of the Gospel message, as it is intended to be presented, while showing the fundamental foundations of our faith in an outline that was filled with the Scriptures to legitimize the document that has now inspired many by the grace of God. Through our obedience to prepare our Doctrinal Statement, the LORD has now used it to touch the hearts and save the souls of thousands who now know and share the absolute TRUTH of God.

Our pastors are faithful followers of the ONLY ONE LORD JEHOVAH and our congregations are growing daily in the love of God who indwells them perpetually, and sustains them in the knowledge of God, and the understanding of God, to act with the wisdom of God. I am so very blessed to know all these, our brothers and sisters in CHRIST, whom I love and know their hearts having seen their love for one another and their love for the LORD desiring, as we all are, to see all the LORD's elect receive the TRUTH of the Gospel as it was once delivered unto the all the saints. We all do know the harvest is white...and the end approaches. All, Church on the Rock Assembly, know that we are created by God to fulfill the Word of God and to fulfill the ministry of our LORD which is our JOY.

I have generated this census of the ministry in Africa based upon the following actual reports from our pastors in 9 countries in Africa. At the end, I show the aggregate totals of the actual number of members and pastors as of January 23, 2017. These are numbers that are in no way stagnant and I am very confident that the numbers have already risen. However, it is my desire that this snapshot of what the LORD has done in Africa, in just 2 years, the LORD will use to stir the minds and hearts of all who review this 2016 census of Church on the Rock Assembly. This is a very large ministry that is growing at an increasing rate and while we see the LORD's blessing, we know the need for initial supplemental income to needy pastors and their families, food for poor who are desperate, and the cost of Bibles for each person who may not ask, but needs assistance to obtain one for himself or even their whole family. Even now, I am insistent that we teach and preach, but as much as I want to supply them food for their physical needs, I also want to supply them Bibles to know they can continue to be nourished by the fodder of God's WORD.

Many thanks to you all who continue to pray and to give faithfully to this true LORD's ministry. If you are not contributing to this worthy ministry and would like to help us, we would, of course, appreciate your prayers for us all and your prayerful consideration, as you peruse this 2016 Census report, to provide financial support. All of your contributions go to supplement pastors' needs, travel costs, Bibles (KJV), Bible study material copies, state registration fees, and even supplements for building very humble places for worship. None of what we do costs a lot, but all the costs of this large ministry are, none the less, significant for us to bear. Thus, through the publishing of this report,

we pray the LORD provide for the assistance from those who are willing and able to help us help our brothers and sisters in Africa. Amen.

God bless you all
Dr Stuart
